National Craft Committee

First and Final Round voting is open to all Voting Members for music film and music video Categories.
GENERAL ELIGIBILITY GUIDELINES

The GRAMMY Awards are open to new recordings released during the eligibility period. These recordings must be commercially released, nationally distributed and available from any date within the eligibility period through at least the date of the current year’s Final Round voting deadline.

NEW RECORDINGS
“New recordings” is defined as material that has been recorded within five years of the release date and not previously released.

Recordings that are not newly recorded are only eligible in Best Historical Album, Best Compilation Soundtrack Album, Best Immersive Audio Album (if the multichannel mix is new), Best Remixed Recording (if the remix is new), Best Recording Package, Best Special Package (if the package is new), Best Album Notes (if notes are new), and certain multidisc sets in the Classical Field. These classical multidisc releases are eligible even if greater than 50% of the playing time was recorded more than five years before the release, provided the album contains 100% previously unreleased material, employs a single artist or ensemble only, and contains the work of a single composer only.

GENERAL DISTRIBUTION
“General distribution” is defined as the broad release of a recording, available nationwide via brick-and-mortar stores, third-party online retailers and/or streaming services. (Imports are not eligible.)

“Streaming services” is defined as paid subscription, full catalog, on-demand streaming/limited download services that have existed as such within the United States for at least one full year as of the entry deadline. Spoken word albums are not typically available for streaming, so the exception of SoundCloud and various e-reader site links will be allowed for those entries. All recordings entered must have an assigned International Standard Recording Code ISRC or UPC number.

ELIGIBILITY PERIOD
Recordings must be available to the public as stand-alone, audio-only purchases or streams, (exceptions: opera, immersive audio album and music video/music film) beginning on any date within the eligibility year to be GRAMMY-eligible.

LIMITED-EDITION RELEASES
Limited-edition releases do not meet the distribution requirement for eligibility. Distribution eligibility is based on an artist’s typical shipment policies. The Academy may inquire with the manufacturer as to the number of recordings normally shipped, and if the shipment varies or is substantially less than normal for a particular artist, the Academy reserves the right to determine whether the release is eligible.
DIGITAL RECORDINGS
The original digital file and the product sent to the Academy must have quality comparable to at least 16 bit 44.1 kHz and 44 kHz/16 bit audio for both Best Engineered Album, Non-Classical and Best Engineered Album, Classical. A copy of label credits (producers, mixers, songwriters, etc.) must be included in the required metadata file. Any requested documentation (including a list of retailers/streaming services) must be provided if requested by the Academy in order to verify crediting or release date.

AUTHORIZED RECORDINGS
Recordings must be non-infringing, original works of authorship. To the extent a recording embodies in whole or in part the copyrighted work of a third party, appropriate authorization to use and incorporate such copyrighted work must have been obtained. If allegations are made that a recording is unauthorized and does not meet these criteria, the Academy will consider the allegations and determine, in its sole discretion, the eligibility of such recording.

SINGLES AND TRACKS
A single is a song or instrumental recording that is released separately from an album, while a track is an individual song or instrumental recording released as part of an album. A single will often appear as a track on a subsequent album release and a track from a released album can be issued as a single. The GRAMMY rules describe eligibility for tracks and singles in terms of different release structures but the two are judged identically in the Categories in which they are both eligible.

A track or single from a previous year’s album is eligible in the General, Pop & Dance/Electronic Music, Gospel & CCM, Rock, Metal & Alternative Music, R&B, Rap & Spoken Word Poetry, Country & American Roots Music, Latin, Global, African, Reggae & New Age, Ambient, Or Chant Fields, provided the recording was not entered as a track or single the previous year and provided the album did not win a GRAMMY in a performance Category. [For Tracks, this excludes Composition, Arrangements, Song Written For Visual Media, Remixed Recording, Songwriter Of The Year (Non-Classical), Producer Of The Year (Classical and Non-Classical), and all Classical categories.]

A track from an album released in the current eligibility year is eligible provided the track was not entered as a single the previous year.

A single or track is eligible in one specialized Genre Field. However, a track or single may be screened into one Genre Field, while the album on which the track appears may be screened into a different Genre Field.

If a single is released one year and the music video is released in a different eligibility year, both are eligible in their respective years, even if the music video was nominated or won a GRAMMY Award.
ALBUMS
An album is a collection of audio recordings issued for sale, download or streaming as a unit. To qualify as an album, a release must contain at least five tracks (different songs, not different mixes) and have a total playing time of at least 15 minutes or it may have any number of tracks if the total playing time is at least 30 minutes. Updated, revised or expanded versions of previously submitted albums will not be eligible.

Albums must contain greater than 75% playing time of newly recorded (within five years of release date), previously unreleased recordings. To be eligible in a specific Genre Category, an album must contain greater than 50% playing time of the genre specified by the Field. A recording may not be in more than one specialized Genre Field. However, an album may be in one Genre Field while one or more tracks from the album may be in a different Genre Field.

If an album is released one year and an associated music film is commercially released in a different year, both are eligible in their respective years, even if the music film was nominated or won a GRAMMY Award.

FEATURED ARTISTS
To be recognized as a GRAMMY nominee, a featured artist must be credited as a featured artist; and make a significant and artistic contribution beyond accompaniment.

Featured artists are GRAMMY-eligible in Album Of The Year; they are eligible in the genre album Categories if they perform greater than 50% of playing time; and are eligible in performance Categories if they are credited as a featured artist on the track/single.

If an album is credited to one artist but has many tracks featuring guest artists, it may have to be considered a “Various Artists” album. That determination will be made on a case-by-case basis by the Academy.

MULTIPLE MIXES AND REMIXES
Only one version/mix of a recording is eligible in the GRAMMY process in any year. In cases where different versions of a recording (with featured artists, for example) are released in the same eligibility year, the decision as to which mix of a recording to enter will be made by the label releasing the original artist’s version (provided that the chosen mix is otherwise eligible to be entered in the GRAMMY process).

In the Best Song Written For Visual Media Category, the film/soundtrack version of a song can be entered, even if it is different from the version entered in other Categories.

Otherwise, any current remixes, alternate mixes and any new mixes of recordings released in a previous awards year are only eligible in Best Remixed Recording.
SAMPLED AND INTERPOLATED MATERIAL
A sample is defined as an element of a previously released recording incorporated into a new recording. Samples can be entire parts of earlier recordings or isolated sections of earlier recordings including, but not limited to, tracks with vocals removed, hooks, riffs, basslines, or background vocals.

Recordings that feature samples and/or any interpolations of previously released material are eligible in all performance Categories only if the performance up for GRAMMY consideration is newly recorded per the Academy definition.

Recordings featuring samples are eligible in songwriting Categories; however, the writers of the sampled or interpolated material are not considered to be nominees or GRAMMY recipients.

GENERATIVE ARTIFICIAL INTELLIGENCE
The GRAMMY Award recognizes creative excellence. Only human creators are eligible to be submitted for consideration for, nominated for, or win a GRAMMY Award. A work that contains no human authorship is not eligible in any Categories. A work that features elements of A.I. material (i.e., material generated by the use of artificial intelligence technology) is eligible in applicable Categories; however: (1) the human authorship component of the work submitted must be meaningful and more than de minimis; (2) such human authorship component must be relevant to the Category in which such work is entered (e.g., if the work is submitted in a songwriting Category, there must be meaningful and more than de minimis human authorship in respect of the music and/or lyrics; if the work is submitted in a performance Category, there must be meaningful and more than de minimis human authorship in respect of the performance); and (3) the author(s) of any A.I. material incorporated into the work are not eligible to be nominees or GRAMMY recipients insofar as their contribution to the portion of the work that consists of such A.I. material is concerned. De minimis is defined as lacking significance or importance; so minor as to merit disregard.

VOICES USED AS “INSTRUMENTS”
Vocal performances are never eligible as instrumental performances, regardless of the method of vocal production (e.g., scatting, beatboxing, throat singing, or vocally mimicking the sound of a particular instrument or ensemble of instruments).

RECORDING ACADEMY OR GRAMMY TELECAST RECORDINGS
Recordings released by the Recording Academy or affiliate-produced releases, including releases of performances from GRAMMY Awards Telecasts, are not eligible in the awards process.

STUDENT RECORDINGS
Student recordings are eligible if they meet all other eligibility requirements.

PLAYBACK SYSTEMS
If a specialized piece of equipment is needed to play a recording (other than a common consumer device such as a CD player, MP3 player, turntable, etc.), the recording is not eligible. For example, Pianocorder cassettes are not eligible because they only play back on a Pianocorder Reproducing System retrofit onto a piano.
RECORDINGS MADE OF PLAYBACK SYSTEMS USING PREVIOUSLY RECORDED PERFORMANCES
A new recording that records a device playing a previously “recorded” performance (e.g., piano rolls, player piano systems, Zenph players, Welte-Mignon systems, etc.), is not eligible in the Best Historical Album Category. (A piano roll, etc. is not eligible as a “recording” on its own). These types of playback-system recordings are only eligible in Best Engineered Album, where the new recording of the playback would be considered.

TRANSLATIONS
For song lyrics or album notes originally written in one language and translated or adapted into another for release, the original writer is always the eligible writer.
CATEGORY ELIGIBILITY GUIDELINES

Screening for eligibility and Category placement occurs from the time entries are first received until the first ballot is finalized.

CATEGORY SCREENING

Entries in most Categories are screened by committees of genre experts to determine appropriate Category and Field placement. If a genre Screening Committee determines that a recording should be moved to another genre, the recording is forwarded and screened by that genre committee.

The Screening Committee is expected to consider the artist’s intent as part of the decision-making process. In cases where a Screening Committee is unsure whether to move the recording to another genre, artist’s intent (as indicated by the Category in which the recording was initially entered) should be considered as the deciding factor in the appropriate Category placement.

The Screening Meeting process brings together experts in all the various genres, including individuals from Chapters in all parts of the country, to listen to recordings and make Category determinations. In addition to a National Screening Committee, which decides Best New Artist eligibility and makes final decisions on screening issues that cannot be resolved by the genre Screening Committees, there are separate Screening Committees for:

- Alternative Music
- Americana
- American Roots
- Blues
- Children’s Music
- Classical
- Contemporary Instrumental
- Country
- Dance/Electronic Music
- Global Music
- Gospel/CCM
- Jazz
- Latin
- Musical Theater
- Music For Visual Media
- New Age/Ambient/Chant
- Pop
- Rap/R&B
- Reggae
- Regional Roots
- Rock
- Traditional Pop

Entries in other Categories such as Best Comedy Album and Best Spoken Word Poetry Album are screened by staff and, if necessary, by consultation with experts in the genre.
SUBMITTING ENTRIES FOR GRAMMY CONSIDERATION

ACADEMY RIGHTS AND REGULATIONS
The Recording Academy reserves these rights regarding entries:

- To disqualify the affected entry without liability if information is incorrect or incomplete.
- To disqualify the affected entry without liability if the signer fails to send the required product for entries by the due dates.
- To disqualify any entry, and to revoke any nomination and/or GRAMMY Award bestowed, if the Academy discovers that the corresponding entry was submitted in violation of the Academy’s Rules and Guidelines.
- To place any selection into the Category it deems appropriate; to pass on the eligibility of any selection.
- To designate the classification of achievement (such as performing, songwriting, producing, etc.) to be recognized in the Categories.
- To make the final determination of the persons entitled to awards recognition.
- It is the Academy’s policy that the GRAMMY be awarded to the person who, at the Academy’s sole discretion, is properly entitled to it.
- To determine what constitutes a single and what constitutes an album for purposes of entering.
- To replace track entries by an entry for the entire album if several tracks by the same artist, totaling greater than 50% of the album’s playing time, are accepted in the same Category.
- To withdraw any Category in any one year if the Academy determines that there is an insufficient number of entries in that Category, and, at the Academy’s discretion, to place the affected entries in one or more other Categories.
- To disqualify without liability what the Academy considers excessive entries.
- To take whatever measures it deems necessary to protect the integrity of the GRAMMY Awards from outside influence, bloc voting or any other factors that could jeopardize this process.
- If a recording is entered inappropriately, and if the error in entering is not discovered by the Recording Academy before the First Ballot, the entry will be disqualified from the process without any liability for further action from the Recording Academy.
- The Recording Academy assumes no liability with respect to Craft entries if the required judging copies for Nominating Committees fail to reach the Academy by the due date.
- An ineligible entry (incorrect release date) that is processed during an awards year will be disqualified the following awards year.
- User agrees to review Artist/Category List of Entry Submissions prior to final-submitting in the online process.
- To disqualify an entry if the Recording Academy finds any violation of the Voting And Solicitation Guidelines or violation of the Recording Academy member website’s For Your Consideration guidelines.
- Participation in the Online Entry Process of the Recording Academy does not guarantee a GRAMMY nomination or GRAMMY Award.
• Only human creators are eligible to be submitted for consideration for, nominated for, or win a GRAMMY Award. A work that contains no human authorship is not eligible in any Category. The Academy may disqualify any entry in a particular Category, if it determines, in the Academy’s sole discretion, that such entry does not incorporate meaningful and more than de minimis human authorship that is relevant to such Category. De minimis is defined as lacking significance or importance; so minor as to merit disregard.

HOW TO MAKE ENTRIES, WHO MAY ENTER AND WHEN
Recordings are submitted for consideration through the GRAMMY Online Entry Process (OEP).

All Voting and Professional Recording Academy Members may make GRAMMY entries. Also, registered media companies that release, during the eligibility period, recordings that meet GRAMMY eligibility requirements may make entries.

In advance of the entry period, media companies receive their Online User IDs and passwords to access the GRAMMY Online Entry Process. Voting and Professional Members use their GRAMMY member site user ID and password to access OEP online.

For the 66th GRAMMYs®, the Entry Access is open to media companies and Academy members from July 17 through Aug. 31.

REGISTRATION FEES
Media companies pay an annual fee to register with the Academy that shall be 20% more than the annual fee paid by individuals for membership. This fee is $120 for the 66th GRAMMY Awards.

ENTRY FEES
The per-entry fee structure encourages entrants to consider the value of each entry and make mindful decisions to put forward work that they truly believe is GRAMMY-worthy. All Professional and Voting Members of the Recording Academy will receive five (5) courtesy entries every year. Any member who would be burdened by the entry fees can request the fees be waived by reaching out to the Awards Department at awards@recordingacademy.com

ENTRY LIMITS
The Online Entry Process is programmed such that it 1) limits entries in genre (excluding General Field and Craft Categories) Categories to one per recording for albums; and 2) limits track/single entries to one for performance Categories, and one for song/composition Categories.
GRAMMY ENTRIES ARE MADE FOR SPECIFIC RECORDINGS
For each entry in the Awards’ Online Entry Process, the entrant is required to provide the UPC or ISRC number for the recording being submitted for GRAMMY consideration. The entrant is also required to upload and confirm the full track listing and confirmed final crediting of the recording. The entrant affirms that it is that specific recording that should be used by our Screening and Craft Committees and should be made available to GRAMMY voters for streaming on our voting sites for two rounds of voting.

Often there may be other versions of the same album or track released. These alternate versions and configurations, which may include Deluxe album versions, alternate singles with added featured or collaborating artists, alternate mixes, or versions exclusive to specific retailers or streaming services, are not considered for GRAMMY Award eligibility when they have a different UPC or ISRC number and tracks or credits that are different from the entered version.

NUMBER OF NOMINATIONS
The number of nominations in the General Field Categories for Record Of The Year, Song Of The Year, Album Of The Year, and Best New Artist is eight. The number of nominations in the General Field Categories for Producer Of The Year, Non-Classical and Songwriter Of The Year, Non-Classical is five. The other Categories will have five nominations.

In the event of a tie in the nominations, there shall be no more than six and no less than three nominations in these Categories.

Each Category shall have at least 40 distinct artist entries. If a Category receives between 25 and 39 entries, only three recordings will receive nominations in that year.

Should there be fewer than 25 entries in a Category, that Category will immediately go on hiatus for the current year — no award given — and entries will be screened into the next most logical Category.

If a Category received fewer than 25 entries for three consecutive years, the Category will be discontinued, and submissions will be entered in the next most appropriate Category.

ENTRY LIST — TYPE/FONT TREATMENTS
Entrants are allowed the use of special characters and unusual typographical treatments in artist names and titles that appear on our ballot entry lists, so long as the characters used may be found on a computer keyboard or through standard diacritical markings.

STREAMING REQUIREMENTS FOR GRAMMY ENTRIES
Academy members and media companies are required to provide several eligible streaming links for each entry they make with the exception of a few in Craft: Best Immersive Audio Album, Best Recording Package, Best Boxed/Special Limited Edition Package, Best Album Notes, and Best Historical Album. The Academy does not monitor how Voting Members listen to music in their home while voting in both the first and second rounds. Providing a variety of streaming links is recommended for the listening function within the voting ballot system.

If required streaming link or retail-ready product is not received by the deadline, the entry or entries may be disqualified. If the recordings for a Craft entry are not received in the quantity required, the Academy may disqualify the affected entry without liability.
Entries in certain Categories are judged by special committees and require additional product as below:

BEST ALBUM NOTES: One (1) copy

BEST IMMERSIVE AUDIO ALBUM: Three (3) copies (DVD-Audio, DVD-Video, SACD, Blu-ray, flash drive, or burned download) if immersive album is not uploaded during OEP process

BEST RECORDING PACKAGE: Five (5) copies

BEST HISTORICAL ALBUM: Three (3) copies

PRODUCER OF THE YEAR, NON-CLASSICAL: Four (4) copies if lossless streaming link is not submitted

BEST ENGINEERED ALBUM, NON-CLASSICAL: Two (2) copies if lossless streaming link is not submitted

If an entry is made for the same recording in more than one of the Craft Categories, the entrant must send the additional number of copies required per additional Category.

A packing list is generated upon completion of online entries. Entrants are advised that a copy of the packing list and product should be sent immediately to the Recording Academy.
NOMINATING PROCESS

Nominations are determined by Voting Members through first round voting or Craft Nominating Committee processes. All Voting Members are encouraged to vote in the six Categories of the General Field. Additionally, voters may vote in up to 10 other Categories — based on areas in which the voter is actively engaged as a peer — on both ballots. The 10 additional Categories must be within no more than three Fields.

CRAFT NOMINATING COMMITTEE GUIDELINES
Craft Categories recognize excellence in highly specialized crafts. Craft Committee members must be Voting Members of the Academy in the membership class which corresponds to the Craft they are being submitted to judge. Each must fill out a Documentation Form listing six tracks or albums for which they have the nomination-eligible credit corresponding to the Craft they are being submitted to judge. The credits must be for recordings released in the previous five years. The form remains on file at the National Office of the Recording Academy and is valid for five years.

Populating the Craft Committees. Each Chapter's Executive Director works in concert with the Chapter Nominating or Executive Committee and Chapter President to develop a slate of recommendations. These recommendations can be supplemented, if necessary, by the CEO and National Chair in consultation with the head of Awards and the Craft Committee Chair(s) for DEI and balance considerations. The final slate is submitted to the National Board of Trustees for ratification. Furthermore, Craft Committee members are solicited for their recommendations of appropriate committee members, and no person would serve for more than five consecutive years without a break. If deemed necessary to the process, a committee member selected to chair may serve up to an additional three consecutive years.

1. Committee members may serve a maximum of eight consecutive years, if they served on the committee first and were then elected to be chair. Two years off would still apply in these cases.

2. At least 25% of each committee must turn over from the previous year’s committee.

Nominations in Craft Categories are determined by National, Regional or Chapter Craft Committees as described below.

For Best Historical Album and Best Remixed Recording Categories are voted on by National Craft Nominating Committees. Each committee of 25 Voting Members meets to judge all the entries made in the Category to vote by confidential individual ballot to select the five nominations.

For Best Instrumental Composition; Best Arrangement, Instrumental Or A Cappella; Best Arrangement, Instruments And Vocals; and Producer Of The Year, Non-Classical The first round of voting is in the hands of the General Voting Membership via the first ballot. The second round of voting, however, takes place in a National Craft Nominating Committee. The top 30 selections from the General Voting Membership in each Category (in Producer Of The Year, the top 30 Producers’ entered work — which is usually up to 90 titles) appear on the ballot for the National Craft Nominating Committees, made up of 30-40 Voting Members representing all the Chapters, to vote by confidential ballot to select the five nominations.
**For Producer of the Year, Classical; Best Engineered Album, Classical; and Best Contemporary Classical Composition** Categories in the first round of voting is in the hands of the General Voting Membership via the first ballot. The second round of voting, however, takes place in National Craft Nominating Committees. The top 30 selections from the General Voting Membership in each Category appear on the ballot for the National Craft Nominating Committees to vote by confidential ballot to select the five nominations.

1. Each Craft Committee receives a list of 30 titles from the first round of voting by the membership, or possibly more to account for ties.

2. Committee Members serve five years on and one year off; Committee Chairs serve three years on and two years off. 25% turn over each year by the fourth year.

3. Committees are populated the same way current Craft Committees are, with names proposed from Chapters, etc.

**Best Recording Package and Best Boxed/Special/Limited-Edition Package** meet in Regional Craft Nominating Committees to view and judge all the entries made in the Categories and vote by confidential ballot to select the five nominations. This is similar to Composition, Arrangement and Producer Of The Year, Non-Classical above, but does not involve the General Voting Membership first ballot.

**Best Album Notes** is voted by a single National Craft Nominating Committee. However, this committee does not meet in person or via telecommunications. Rather, the group of 30-50 Voting Members access a password-protected section of the Academy website to view all Notes entries. They vote by individual, confidential ballot, and their votes determine the five nominations.

**For Best Immersive Audio Album** Nominations are selected by a committee of Voting Members. To be eligible to serve on this committee, one must be a Voting Member of the Academy, in good dues standing, and must meet certain qualifications in the Engineering or Producing Fields and be approved by the Trustees. The committee consists of 20-25 members. They review all Immersive Audio Album entries in their meeting and vote for the final five nominees in the Category.

**For Songwriter Of The Year, Non-Classical** The national Songwriter Of The Year, Non-Classical Nominating Committees are comprised of diverse and “highly relevant” songwriters across all genres and areas of the craft. The committees will be assembled by the Recording Academy. Suggestions for nominating committee candidates will come from the Chapters and be vetted by the Awards Department in consultation with the CEO and Recording Academy Chair. The final population of these committees is done by the CEO and Recording Academy Chair. The Nominating Committee meets once. They are given a list of the voters’ top 30 selections from the first round voting in alphabetical order by songwriter.
The committee is provided the submitted material, both recordings and lyrics, from the songwriters on this list, to listen to and review, and then discuss it amongst themselves. At the end of the Nominating Committee meeting each committee member votes by individual confidential ballot to determine the final nominees. Nominating Committees are chaired by a Voting Member in conjunction with an Academy Staff member. National committee chair recommendations for the following year will be recommended. A committee chair recommendation for the following year is made by the committee at the end of the meeting by secret ballot in accordance with Academy policy. No committee member can serve for more than five consecutive years without a one-year break. (If deemed necessary to the process, a committee member who is selected to serve as Chair may serve up to an additional three years before taking two years off the committee.) The Chair’s job will be to guide the committee through the process. Although the Chair shall be impartial on the decisions taken by the committee, they will be a Voting Member of the committee.

For Best Music Video and Best Music Film Categories in the first round of voting is in the hands of the General Voting Membership via the first ballot. The second round of voting, however, takes place in National Craft Nominating Committees. This committee would comprise of 16-20 Voting Members, equally balanced in the fields of video and film. The top 30 selections (give or take to account for ties) from the General Voting Membership in each Category appear on the ballot for the National Craft Nominating Committees to vote by confidential ballot to select the five nominations.

1. Committee Members must show documentation of six music videos or three music films to be eligible to serve on the committee.

2. Committee Chairs are determined each year by confidential majority vote from the previous Craft Committee.

The top 30 selections from the General Voting Membership in each Category appear on the ballot for the National Craft Nominating Committee to vote by confidential ballot to select the five nominations. The Music Video & Music Film Craft Committee would meet for two days, in person in an appropriate screening room/venue. They would review the top 30 selections of Music Video entirely, discuss each project, and vote confidentially on the five nominations.

VOTING AND SOLICITATION GUIDELINES

PRESERVING THE INTEGRITY OF THE GRAMMY AWARDS PROCESS
It is the goal of the Recording Academy to ensure the GRAMMY Awards process is led in a fair and ethical manner and that Voting Members make their choices based solely on the artistic and technical merits of the eligible recordings. In an effort to maintain a high degree of integrity and transparency, it is crucial that the following guidelines be understood and followed by all Voting Members.

If any activity is determined to work in opposition to the Recording Academy’s guidelines, the Academy may take any corrective actions, including disqualification of entries. Furthermore, any member who has authorized, executed or otherwise enabled a voting solicitation activity that is deemed to have undermined the letter or spirit of the Academy’s regulations may be subject to suspension or termination of Recording Academy membership.

For more information about the Awards rules, eligibility and submission procedures, click here

VOTER CODE OF CONDUCT
Voters shall not allow their choices to be suggested, directed or influenced by anything other than their own analysis of merit, including, but not limited to: personal friendships, company loyalties, regional preferences, or sales volume/popularity.

Voters shall not accept money or anything of value in exchange for votes, access to other members (member lists and contact information are confidential), submission of materials for GRAMMY consideration, or any other privilege of Recording Academy membership.

Voters shall not enter into any agreements or understandings on how to vote. This includes without limitation:
- “Voting Blocs,” or groups of voters who agree to vote together. Such groups may include but are not limited to: voters affiliated with a particular record label or management company, or voters linked through social media.
- “Vote Trading,” or offering to vote in any manner in exchange for another’s vote.

BLOC VOTING
The Academy reserves the right to establish guidelines for its independent accountants to take confidential corrective action on behalf of the Academy as they may deem appropriate.

FINAL VOTING TO SELECT GRAMMY WINNERS
After the announcement of nominations, the final ballot is made available to all current Voting Members to select GRAMMY winners. All ballots, including those from special committees, are tabulated confidentially by an independent accounting firm.

Results of the final voting are not known until the day of the GRAMMY Awards, when Deloitte delivers sealed envelopes with names of the winners.
RESCINDMENT OF GRAMMY
The GRAMMY process does not produce a ranked result with a winner and ordered runners-up. In any situation where a GRAMMY Award is withdrawn following the presentation, no award is given in that Category for that year.

FOR YOUR CONSIDERATION (FYC) POLICIES
While FYC-type events, screenings, advertisements, and formal communications are not prohibited outside of the Recording Academy, the numbers specific to an official awards Category, Field and/or balloting, entry lists, and finals lists are proprietary information belonging to the Recording Academy; such information may not be used, disclosed, published, or otherwise distributed in connection with any event, advertisement or for any other purpose.

FYC COMMUNICATIONS AND ADVERTISEMENTS
For Your Consideration (FYC) marketing communications (“communications”) include, but are not limited to: emails, mailings, invitations, social media, websites, and print ads. Such communications are prohibited unless they include an opt-out option. Members or their designated publicists are restricted to promoting only their own recordings. There shall be no lobbying on behalf of other members. Also, be advised that the Recording Academy does not release the contact information of its members, therefore you should exercise caution if doing business with any vendor claiming that the vendor has accurate contact lists of Academy members (see Third-Party Solicitation by Independent Contractors below).

FYC communications can include:
- Artwork related to product under consideration
- Brief, unembellished descriptions of the recording or creators
- Copies or links to product
- Links to websites that promote eligible recordings
- Link to Recording Academy website where Voting and Solicitation Guidelines are posted
- Lists of the creators who worked on the recording
- Reference to nominations, once nominations are announced. List Category(s) by full name
- Reference to the GRAMMY Award with proper registered marks. Reference can be made by name only. Use of logo is prohibited, see below:
  - GRAMMY®
  - GRAMMY® Award
  - GRAMMY Awards® (Only the plural GRAMMY Awards gets the ® on Awards.)
  - GRAMMYs®
FYC communications cannot:

- Cast a negative or derogatory light on a competing recording. Any tactic that singles out the “competition” by name or title is not allowed.
- Exaggerate or overstate the merits of the music, an achievement or an individual.
- Include any Recording Academy trademarks, logos or any other protected information: [www.grammy.com/legal](http://www.grammy.com/legal). Logo use is reserved for paid Recording Academy sponsors or partners.
- Include entry list numbers or Category numbers.
- Include chart numbers, number of streams, sales figures, or RIAA awards.
- Include personal signatures, personal regards or personal pleas to listen to the eligible recordings.
- Misrepresent honors or awards, past or present, received by either the recording or those involved with production.
- Reference the year or the telecast number (i.e., 2023 or 66th GRAMMY Awards).

**BILLBOARD ISSUE FOR MEMBERS**

Recording Academy members receive a complimentary copy of the Billboard GRAMMY Issue unless they choose to opt out. Featured subjects and content are determined independent of the Recording Academy. The Billboard GRAMMY mailing is handled by an independent third-party mailing house who has signed a non-disclosure agreement — the Recording Academy does not disclose the contact information of its members to Billboard.

Any member can take out an advertisement. Advertising restrictions listed above apply. Special rates exist for independent creators. For more information on ad rates, email [membership@recordingacademy.com](mailto:membership@recordingacademy.com).

**HOSTING FYC EVENTS**

Independent FYC events, programs or activities may be hosted if they adhere to the guidelines set forth in this document. FYC activities may not include any complimentary meals, alcoholic beverages, gifts, or any other hospitality that could be inferred as a value in exchange for vote consideration. Anything considered by the Recording Academy, in its sole discretion, as unreasonable promotion or gifting is prohibited.

**ATTENDING FYC EVENTS**

If members are invited to a ticketed FYC event or program, they must purchase tickets at full price (no comps or discounts).

**GIFTING SHOW TICKETS**

As a normal course of business, talent can provide, and members can accept, individual ticket access and meet-and-greet opportunities through their own personal affiliations. However, widespread gifting of show tickets to members as part of an explicit or implicit FYC/vote solicitation campaign is not allowed. Without limiting the preceding sentence, Recording Academy Chapters may not be used as a conduit for gifting to their members, Governors and/or Trustees. Tickets that are not acquired by members through their own personal affiliations must be purchased at full price (no comps or discounts) — this includes tickets to films and musical theater productions.
ACADEMY OFFICE MAILINGS
Any mailing of FYC product or marketing materials to any of the Recording Academy offices is prohibited, and will not be distributed to members, Governors or Trustees. Such mailings will be disposed of or returned to sender, in the Recording Academy’s sole discretion.

TELEPHONE LOBBYING
Contacting Academy members by phone to promote a GRAMMY-eligible product or achievement is prohibited, even if such contact is in the guise of checking to make sure a sample product or other product was received.

THIRD-PARTY SOLICITATION BY INDEPENDENT CONTRACTORS
There are several marketing companies that claim to have authorized access to Recording Academy member lists and/or Recording Academy staff. There are no such businesses. If a vendor has obtained, through wrongful conduct, an accurate member list, we will disqualify any entry that used the vendor’s services.

Additionally, marketing companies may not use subscriber-based publications to distribute promotional materials to an Academy member unless the member is a subscriber to those publications. The Academy defines “subscriber” as a member who has taken the intentional step of requesting that a publication be sent to them on a regular basis. The member does not necessarily have to pay for that subscription.

Marketers are also urged to familiarize themselves with the Recording Academy’s regulations for using its intellectual properties: [https://www.recordingacademy.com/legal](https://www.recordingacademy.com/legal)

RECORDING ACADEMY FYC WEBSITE FEATURE
For Your Consideration promotional listings are available on RecordingAcademy.com free of cost. These listings are intended to provide a fair and equal platform for members to showcase their releases that have been accepted as official entries in the GRAMMY Awards balloting process as specified in the Entry List. The duration for the feature is the first round voting period. This feature is not available for the final round voting period.

Members whose releases have been accepted as official entries, or members who made entries on behalf of others, as specified in the Entry List, are permitted to post a link or upload their entries. These entries may only be posted once in each of the approved FYC Categories, as specified in the Entry List. If a release has been accepted in multiple Categories as specified by the Entry List, posting the release once in each of the accepted Categories is permitted. Duplicate posts of the same entry in a FYC Category, entries posted in the wrong Category (aka “miscalcategorized”) and promoting entries outside of the For Your Consideration groups are considered violations of these guidelines. Content will be removed, and members are subject to additional penalties should violations continue.
RECORDING ACADEMY MEMBERSHIP-HOSTED ACTIVITIES
GRAMMY-submitted product cannot be the topic of any Recording Academy Voting Member activity or promotion. Anyone who has submitted product for awards consideration during the then-current voting cycle will not be featured by the Recording Academy at Voting Member events, in social media, in recorded/streaming content, or in any other context where it may be perceived the Recording Academy is promoting an eligible product to Voting Members.

Talent not submitting product for awards consideration during the then-current voting cycle are eligible to participate in all Recording Academy activities, including membership events and digital or social content. Once your product has been submitted for awards consideration, FYC product distribution at Recording Academy-hosted events is prohibited. Anyone who violates this will be asked to leave the event and is subject to additional penalties should violations continue.

FYC INFORMATION CONTACT
For further information about these guidelines and regulations, please contact us: 877.637.6816 / awards@recordingacademy.com. It should not be assumed that any tactics or activities not specifically prohibited by these regulations are acceptable. The Recording Academy is willing to review any materials or answer any questions that arise in advance.

We encourage our community to help us avoid and remedy violations of these guidelines and ask that you report any findings to: 877.637.6816 / awards@recordingacademy.com.

GRAMMY STATUETTES
Individuals and eligible members of groups of nine or fewer who are GRAMMY nominees on a winning project receive a GRAMMY Award statuette.

Groups of 10 or more members will receive one statuette for the entire group/ensemble. The individual group members are not GRAMMY winners, only the group itself is the winner.

LARGE GROUP PINS/CERTIFICATES/TICKETING
For large groups between 10 and 20 members, the Academy provides a special certificate and pin to each member of the group. The certificates indicate members are part of a large group on a nominated recording.

For these groups of 10 to 20 members, GRAMMY tickets, are made available to the group members even though they are not nominees.

For large groups/ensembles/orchestras with more than 20 members, only the group leader is designated as a nominee and no pins, certificates, tickets, or statuettes are available to the group members.
AWARDS & NOMINATIONS PROPOSALS

The Recording Academy accepts proposals from Voting and Professional Members to change the rules, guidelines and definitions of the GRAMMY Awards. Members of the Academy may submit proposals year-round; the cutoff date for proposals to be considered for the following year is March 1. To receive the 2024 proposal template and guidelines, and to submit all completed proposals, please contact the Awards Department at 2024awardsproposals@grammy.com.

Proposals are debated and voted on by the Awards & Nominations Committee and those that pass go to the Board of Trustees. Proposals that are ratified by the Trustees go into effect immediately for the next GRAMMY Awards. Proposals rejected by the Awards & Nominations Committee will not be considered again in the next consecutive year. Exception: proposals that must be viewed in a different light due to changes in the industry. Any proposal author wishing to resubmit under these circumstances may do so, at which point the Awards & Nominations Committee Co-Chairs, National Chair, CEO, and Chief Awards & Industry Officer will convene to discuss. If at least four of these agree, the proposal will be reviewed again in the consecutive year.

Please note that any proposal to create a new Category will require a two-thirds supermajority vote of both the Awards & Nominations Committee and the Board of Trustees to go into effect.
PRODUCER & ENGINEER ELIGIBILITY GUIDELINES

Working with the Awards Department, the Producers & Engineers Wing® maintains and submits to the Awards & Nominations Committee and Trustees a list of credits and definitions to be used in determining eligibility for producers and engineers to receive GRAMMY Awards.

Producers and engineers receive GRAMMY statuettes in any Category where they are eligible to be nominated. Additionally, per the rules of the genre album Categories (Best Country Album, Best Reggae Album, etc.), eligibly-credited producers and engineers who have worked on greater than 50% of the playing time of a winning album receive a GRAMMY statuette. In these Categories, the producers and engineers are not nominees and are compiled and audited after the telecast.

GRAMMY AWARDS CATEGORY RULES

General Field

RECORD OF THE YEAR
FOR SINGLES OR TRACKS - VOCAL OR INSTRUMENTAL
SCREENING CRITERIA Recordings entered for consideration in this Category should represent the best overall achievement. The elements to be considered are the performance, production and engineering; secondary elements for consideration are songwriting/composition, arranging and performance of the backup vocalists and musicians, as applicable.

ALBUM OF THE YEAR
FOR ALBUMS - VOCAL OR INSTRUMENTAL
SCREENING CRITERIA Albums entered for consideration in this Category should represent the best overall achievement by the performer(s), album producer(s), engineer(s)/mixer(s), and songwriter(s). Other elements to be considered are arranging and musicianship.

SONG OF THE YEAR
A SONGWRITER’S AWARD - FOR SINGLES OR TRACKS
SCREENING CRITERIA Songs entered for consideration in this Category should represent the best achievement in songwriting. Songs that contain samples or interpolations are eligible. A song must comprise music and lyrics to be eligible in a songwriting Category (For purposes of these guidelines, wherever there is a reference to “music and lyrics,” melody qualifies as music.) and must have been released on a recording for the first time, or achieved prominence for the first time, during the current eligibility year.

BEST NEW ARTIST
FOR ALBUMS, SINGLES OR TRACKS
SCREENING CRITERIA This Category recognizes an artist whose eligibility-year release(s) achieved a breakthrough into the public consciousness and notably impacted the musical landscape.

In adjudicating this Category, the primary element to consider is the artist’s performance. If the artist wrote most or all of the songs, this may be a secondary consideration. Production elements of the recording should not be considered.

- Minimum releases to meet eligibility: five singles/tracks or one album.
- While there will be no specified maximum number of releases, the Screening Committees will be charged with determining whether the artist had attained a breakthrough or prominence prior to the eligibility year. Such a determination would result in disqualification.

An artist may not enter into this Category more than three times, including as a performing member of an established group.
ELIGIBLE

- Solo artists and established duos and groups.
- Solo artists formerly with duos/groups, provided the duo/group had not attained prominence.
- New established duos/groups consisting of former solo artists or former group members, provided that none of the previous solo artists nor the duo/group had attained prominence.
- New recording artists who previously achieved recognition in a different discipline, such as songwriters, politicians, actors, astronauts, etc.

NOT ELIGIBLE

- Any artist who had achieved a breakthrough in a prior eligibility year.
- Any artist with a previous GRAMMY nomination as a performer, including a nomination as an established member of a nominated group.

Exception: If an artist is nominated (but does not win) for the release of a single or as a featured artist or collaborator on a compilation or another artist’s album before the artist has released at least five singles or an entire album (and becomes eligible in this Category for the first time), the artist may enter this Category in the eligibility year during which the artist’s fifth single/track or first album is released.

- An artist with a previous songwriting GRAMMY nomination, if the nominated song had gained its prominence through a performance by the songwriter as the primary artist.

Exception: If an artist received the nomination (but does not win) for writing a song that had gained its prominence through a performance by the songwriter as the primary artist before the artist has released at least five singles or an entire album (and becomes eligible in this Category for the first time), the artist may enter this Category in the eligibility year during which the artist’s fifth single/track or first album is released.

- Collaborations involving two or more individuals who are not an established group.
- Artists who have been credited only as featured artists.
- Choirs, choruses and large band ensembles (16 or more members).
- Non-music-performing video performers (e.g., dancers, actors).
- Musical craftspeople (songwriters, engineers, producers, art directors, remixers, note writers, etc.).
- Any person active in public life whose entered recording was not intended to be the subject of a commercial release.
- A group carrying on the name and tradition of a previous group that would be ineligible due to number of recordings or prior breakthrough, even if the personnel changes.
- A group that would be ineligible due to number of recordings or prior breakthrough, even if they change their name.
- NOTE: The word “artist” is used inclusively to signify performing solo artists as well as established performing duos and groups.
PRODUCER OF THE YEAR, NON-CLASSICAL
A PRODUCER’S AWARD - FOR ALBUMS, TRACKS OR SINGLES

SCREENING CRITERIA This Category recognizes excellence in production of non-classical audio recordings. This Category is for a producer whose body of work released for the first time during the eligibility year represents consistently outstanding creativity in the area of recording production. One album OR six tracks or singles constitute the minimum for a producer to be eligible in the Category. The body of work will be up to nine projects. If the number of entries submitted exceeds the maximum of nine, the selection of which nine entries to be included will be made by the producer. Minimum qualifications may be satisfied by combining a producer’s solo production credits with those as part of a team of producers.

Each producer must provide at least one eligible single or track entry producing an artist other than themselves to be eligible in the Category.

While an individual may enter recordings that are either solo production efforts or co-production efforts, a production team must enter only projects they have worked on as a team during the eligibility year. An individual cannot appear on the ballot as both an individual and a member of a producer team.

Only recordings released in the current eligibility year are eligible in this Category. Tracks from albums released in a previous year are not eligible, even if released as a single in the current year. Rereleased, reissued and historical recordings are not eligible.

SONGWRITER OF THE YEAR, NON-CLASSICAL
A SONGWRITER’S AWARD - FOR SINGLES OR TRACKS

SCREENING CRITERIA This Category recognizes the written excellence, profession and art of songwriting for non-performing and non-producing songwriters.

This Category is for songwriters whose body of work released for the first time during the current eligibility year represents artistic excellence in the area of songwriting.

Songwriters must have written a minimum of five songs in which they are credited “solely” as a songwriter or co-writer. Songs in which the songwriter was also credited as a Primary or Featured Artist, Producer or any other supporting role do not qualify to achieve a minimum song threshold for consideration.

Songwriters may supplement their core five song submission with up to four more songs in which the songwriter has songwriting credits as well as additional credits such as Primary or Featured Artist, Producer or any other supporting role.

The maximum number of songs cannot exceed nine entries, which is comparable to the number of submissions allowed for consideration in the Producer Of The Year, Non-Classical Category.

Songs from albums released in a previous year are not eligible, even if released as a single or added to a new album released during the current eligibility year. Rereleased, covered, remixed, reissued, and historical recordings of songs are not eligible.

SCREENING CRITERIA This Category recognizes artistic excellence in a solo vocal or instrumental pop performance with or without accompaniment.

BEST POP DUO/GROUP PERFORMANCE
FOR SINGLES OR TRACKS - VOCAL OR INSTRUMENTAL
SCREENING CRITERIA This Category recognizes artistic excellence in a duo, group or collaborative vocal or instrumental pop performance. Recordings on which a group receives artist billing are eligible here, even when the vocal features only one member of the group. The entire group or collaborative performance, rather than the presence of a lead vocal performance, determines Category eligibility.

BEST POP VOCAL ALBUM
FOR ALBUMS - VOCAL ONLY

BEST DANCE/ELECTRONIC RECORDING
FOR SINGLES OR TRACKS - VOCAL OR INSTRUMENTAL
SCREENING CRITERIA This Category recognizes excellence in recordings from established Dance and Electronic genres such as House, Techno, Trance, Dubstep, Drum & Bass, Electronica, as well as other emerging Dance and Electronic genres, with production and sensibilities distinctly different from a Pop approach.

Dance remixes are eligible in the Best Remixed Recording Category only and may not be entered in Best Dance/Electronic Recording.

Note: Recording MUST contain greater than 50% new material. If the vocals or any significant part of the music have not been recorded within the last five years, or were released prior to this year’s eligibility period, it can only be entered in Best Remixed Recording.

BEST POP DANCE RECORDING
FOR SINGLES OR TRACKS - VOCAL ONLY
SCREENING CRITERIA Pop Dance is generally uptempo, danceable music that follows a pop arrangement, featuring strong rhythmic beats, significant electronic-based instruments with an emphasis on the vocal performance, melody and hooks. Pop Dance is highly eclectic, borrowing influences from other genres and is generally suitable for a contemporary pop audience. Additionally, it is common for Pop Dance to be inspired by many sub genres of Dance & Electronic music, but be differentiated by vocals that are generally present throughout and high in the mix. Dance remixes are eligible in the Best Remixed Recording Category only and may not be entered in Best Pop Dance Recording.
Note: Recording MUST contain greater than 50% new material. If the vocals or any significant part of the music have not been recorded within the last five years, or were released prior to this year’s eligibility period, it can only be entered in Best Remixed Recording.

**BEST SPOKEN WORD POETRY ALBUM**
**FOR ALBUMS**
SCREENING CRITERIA This Category recognizes excellence in spoken work poetry albums. Albums of spoken word poetry with or without music collaboration or accompaniment are eligible. (If the recording has musical accompaniment but is primarily spoken word, the spoken word artist would be eligible while the musical accompanist(s) may be identified in parentheses.)

Recordings that feature song lyrics that are spoken or rapped are eligible in the appropriate genre Categories. Incidental talk or conversation in a studio used as an accent to a musical recording does not constitute a spoken word poetry performance. **Jazz, Traditional Pop, Contemporary Instrumental & Musical Theater Field**

**BEST JAZZ PERFORMANCE**
**FOR SINGLES OR TRACKS - VOCAL OR INSTRUMENTAL**
SCREENING CRITERIA This Category recognizes excellence in a performance by a jazz solo artist, collaborating artists, established duos, or groups, with emphasis on jazz improvisation and ensemble interaction. Jazz instrumental and jazz vocal tracks are both eligible.

**BEST JAZZ VOCAL ALBUM**
**FOR ALBUMS - VOCAL ONLY**
SCREENING CRITERIA This Category recognizes excellence in albums by jazz vocal soloists, duos, or jazz vocal groups (including small or large jazz vocal ensembles), and/or large ensembles featuring voice, with specific attention to the differentiating elements of the vocal performance/interpretation itself, and without limitations to language (Portuguese and Spanish included). Solo jazz vocal elements include improvisational phrasing, melodic-based improvisation (lyric, word or scat), jazz style, and utilization of harmonic/melodic vocabulary found within the jazz genre. Ensemble jazz vocal elements may include rhythm/feel, harmony, inflection, improvisation, arrangement/writing, and phrasing. The vocal performance may be by a solo performer, duo, group (including large jazz vocal ensembles), or collaboration and may be in any language (including Portuguese and Spanish).

If a vocalist(s) and an instrumentalist(s) are billed equally, both (or all) may be eligible for a GRAMMY. This determination, as with cases in which the co-billing involves a band as a whole, will be at the discretion of the Academy.

An entire album entered in the Jazz Vocal Category may not be entered again in a Jazz Instrumental Category, even if the artist is shifted. If the vocalist(s) and instrumentalist(s) are billed equally, the Academy will determine the appropriate Category based on number of vocal tracks versus instrumental tracks; or, if the number of tracks is equal, the total playing time of the vocal versus instrumental tracks.
BEST JAZZ INSTRUMENTAL ALBUM
FOR ALBUMS
INSTRUMENTAL ONLY
SCREENING CRITERIA This Category recognizes excellence in albums by individuals or groups generally thought of as “small jazz groups,” typically from one to eight musicians performing jazz music, including straight-ahead jazz and contemporary jazz.

This Category may also include albums with larger back-up ensembles that provide coloring and background to what is essentially a small group performance. The extent of interaction between the soloist(s) and the large ensemble employed in the arrangements is the deciding factor for eligibility in those cases. The size of the ensemble is not determinative as much as the instrumental makeup and how the music is scored.

BEST LARGE JAZZ ENSEMBLE ALBUM
FOR ALBUMS - INSTRUMENTAL OR INSTRUMENTAL WITH VOCALS
SCREENING CRITERIA This Category recognizes excellence on albums of large jazz ensemble performance, primarily recordings with a “big band sound.” Other large ensemble or orchestral jazz recordings where a number of musicians come together, most commonly to play arrangements featuring the orchestral possibilities of a large ensemble of musicians are eligible. In some instances, arrangements may be less structured (so-called “head arrangements”) that nonetheless demonstrate the orchestration possibilities of a large ensemble setting.

Generally, these ensembles must contain nine or more members to be eligible in this Category (excluding the conductor or bandleader). The ensembles may be billed as ensembles or under the name of a solo artist who is the featured band or orchestra leader.

Recordings that use synthesizers to imitate the sound of a large jazz ensemble are not eligible in the Category. Large jazz vocal ensemble albums must be entered in Best Jazz Vocal Album.

It may also include the contemporary production techniques/instrumentation associated with other genres. (Instrumental albums in the well-established Smooth Jazz style will remain in the Contemporary Instrumental Category.)

This includes older forms of traditional pop such as the Great American Songbook, created by the Broadway, Hollywood and Tin Pan Alley songwriters of the period between the 1920s and the end of World War II, as well as cabaret/musical theater-style songs and previous forms of contemporary pop. This would also include contemporary pop songs performed in traditional pop style — the term “traditional” being a reference, equally, to the style of the composition, vocal styling and the instrumental arrangement, without regard to the age of the material.

Eligible entries must be recordings of work created to support an underlying dramatic intention or theme. (Elements of the corresponding stage production should not be considered in evaluating the recording.)

A PRODUCER’S AWARD
FOR ALBUMS - VOCAL OR INSTRUMENTAL

SCREENING CRITERIA This Category recognizes excellence in production of classical audio recordings. This Category is for a producer whose body of work released for the first time during the eligibility year represents consistently outstanding creativity in the area of recording production.

One album is required to qualify for entry in the Category. A multi-album set of a single work is considered one recording. The body of work will be up to nine projects. Minimum qualifications may be satisfied by combining a producer’s solo production credits with those as part of a team of producers. While an individual may enter recordings that are either solo production efforts or co-production efforts, a producer team must enter only projects they have worked on as a team during the eligibility year. An individual cannot appear on the ballot as both an individual and a member of a producer team.

Only recordings released in the current eligibility year are eligible in this Category. Tracks from albums released in a previous year are not eligible, even if released as a single in the current year. Rereleased, reissued and historical recordings are not eligible.

Also, the addition of a vocal performance by a featured artist without substantive change to the original music recording is not eligible as a remix. Singles or tracks do not have to be commercially released for sale or streaming if they have been released to clubs or radio in the U.S. for the first time during the eligibility year. Both the remixed version and the original version of the recording must be available to the Academy for judging purposes.
