

MUSICARES®

Community Services Report 2009

Music is a gift that has touched all our lives. When musicians and those who support them share the gift of music, they bring people together in a way nothing else has the power to do. In 1989, The Recording Academy® established MusiCares® to sustain music and its makers.

MusiCares provides emergency health and human services and addiction recovery resources to music people. Whether it's artists or other industry professionals who are in need, MusiCares is there with support for those who have given us the gift of music.

MISSION

MusiCares provides a safety net of critical assistance for music people in times of need. MusiCares' services and resources cover a wide range of financial, medical and personal emergencies, and each case is treated with integrity and confidentiality. MusiCares also focuses the resources and attention of the music industry on human service issues that directly impact the health and welfare of the music community.

MusiCares experienced another landmark year in 2009 by serving more than 1,400 clients with \$2.3 million in aid.

MUSICARES®

OUR PROGRAMS AND SERVICES

Since its inception, MusiCares has developed into a premier support system for music people by providing innovative programs and services designed to meet the specific needs of its constituents.

Emergency Financial Assistance Program

The “heart and soul” of MusiCares is the Emergency Financial Assistance Program. With a commitment to providing help to those in need as quickly as possible, this program provides assistance for basic living expenses including rent, utilities and car payments; medical expenses including doctor, dentist and hospital bills; psychotherapy; and treatment for HIV/AIDS, Parkinson’s disease, Alzheimer’s disease, hepatitis C and other critical illnesses.

The Emergency Financial Assistance Program is open to music people who are able to document at least five years of employment in the music industry and/or who have credited contribution on six commercially released recordings or videos, and who can demonstrate proof of need. MusiCares operates toll-free phone lines serving all regions of the United States.

Personal attention and confidential care are given to anyone who contacts MusiCares. Professionally trained staff evaluate a situation, provide crisis intervention if needed and offer any appropriate referrals to local and national organizations. They review the financial assistance application and the approval process with the applicant. Clients are notified as soon as possible about the available resources, and approved financial assistance grants are paid directly to a third party or creditor to ensure proper use of the funds. In addition, MusiCares staff negotiate lower rates with service providers or creditors to stretch the value of financial resources.

“We are so grateful for your help with the expense of laying our dear brother to rest. Without your help this would have been very difficult to do. What an asset you are to the various artists and their families.”

— MUSICARES CLIENT

EMERGENCY FINANCIAL ASSISTANCE

MusiCares has developed a range of nationwide educational workshops and programs to address the unique needs of music professionals. Workshops cover a variety of subjects, including financial, legal and substance abuse issues, as well as topics of concern to specific constituencies such as vocal and hearing health. At music industry health fairs, MusiCares provides information to promote medical well-being and brings together health care professionals offering services such as flu shots, hearing tests, medical screenings, mammograms, and dental care. The Nashville Chapter has convened a hepatitis C support group to provide education and support for individuals afflicted with this serious disease.

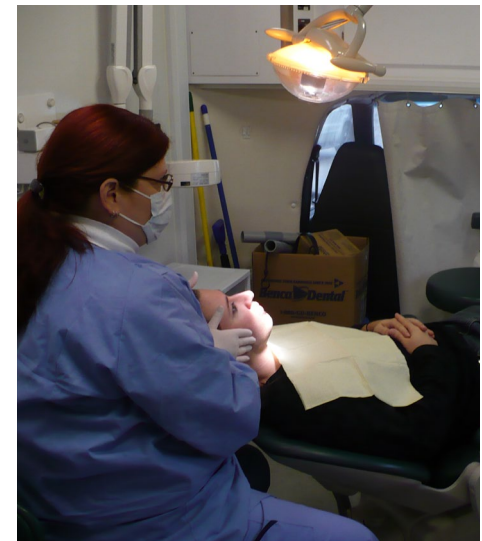

Dental clinics are free of charge to our clients. Each client receives oral examination, X-rays and cleaning. Follow-up care is provided at a rate that is typically 40-60 percent less than dental office charges. **In fiscal year 2009, 12 dental clinics were held in various cities across the United States. Our partnerships with both local and national organizations and dentists allowed us to provide 165 clients with basic dental services free of charge at minimal or no cost to MusiCares.** Through our innovative relationship with the Smiles/Mobile Dentists Program, American Mobile Dental, Mathew Walker Center, the Ben Massell Center and several other local dental providers, MusiCares was able to arrange for their mobile dental teams consisting of a dentist, two hygienists, and a dental X-ray technician to set up the equivalent of a complete dental treatment office in either Chapter office space or in American Federation of Musicians offices in several cities across the country.

Each mammogram clinic is also free of charge to our clients. The client receives an exam and X-ray. Mammogram clients are then set up under state programs to receive free follow-up care if needed. **In fiscal year 2009, two mammogram clinics were held and provided 26 women with free mammograms and follow-up care.**

Our free artists' clinics allow our clients to receive the full spectrum of primary and preventive services provided by medical professionals on a monthly basis. **At our eight flu shot clinics, more than 300 music industry professionals were immunized.**

Other partners who help us offer clinics include **Country Doctor Community Clinic, Faith Family Medical Center, Dr. Pacita Franco, Haight Ashbury Free Clinics, New York Eye and Ear Infirmary's Voice and Swallowing Institute, KayPentax, Santa Monica Women's Breast Center, Dr. Patrick Sherrard, Starkey Hearing Foundation, and Venice Family Clinic.**

The success of these efforts ensures that this initiative will expand further so that more clients can have access to these valuable services.

MusiCares client receives dental services in Memphis, Tenn.

“This is awesome! It’s been years — years — since I’ve been able to go to a dentist. This is amazing! Thanks so much.”

— MUSICARES CLIENT, CHICAGO DENTAL CLINIC

MUSICARES®

Addiction Recovery

MusiCares operates an addiction recovery program called the **MusiCares MAP Fund®** that has become a leading force in the effort to identify and address the problems of addiction in our industry. The MusiCares MAP Fund provides access to addiction recovery treatment and sober living resources for members of the music community regardless of their financial circumstances. The MusiCares MAP Fund assisted close to 250 individuals with \$1 million in addiction recovery resources in 2009.

MusiCares also provides addiction recovery support through its **MusiCares Safe Harbor Room®**. Staffed by qualified chemical dependency and intervention specialists, MusiCares Safe Harbor Rooms offer a support network to those in recovery while they are participating in the production of televised music shows and other major music events. During 2009, we served more than 582 attendees at concerts, award shows and other events across the country.

MusiCares provides a Safe Harbor Room at the following shows/events:

- CMA Awards
- ACM Awards
- Latin GRAMMY® Awards
- GRAMMY® Awards
- NAMM Convention
- Coachella Music Festival
- Stagecoach Music Festival
- Sasquatch Music Festival
- SXSW
- CMT Video Music Awards
- GRAMMY Nomination Live Concert Countdown to Music's Biggest Night

MusiCares offers **weekly addiction support groups** for people in the music industry to discuss how to best cope with the issues surrounding the recovery process. **The MusiCares Sober Connection®** provides access to a database of individuals across the United States who take music people to recovery support meetings while on the road.

Additionally, MusiCares advocates on behalf of the health of the music community with congressional leaders.

While MusiCares works confidentially with its clients, some individuals, like Ozzie Osborne, want to share their inspiring stories.

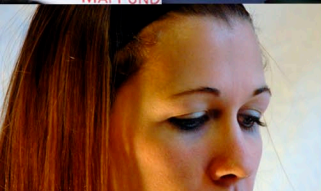

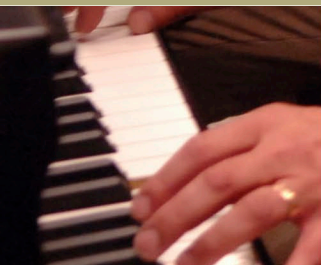

"If it were not for the Safe Harbor Room that MusiCares provided during this Awards show, I would have definitely relapsed after having over three years of sobriety. I am forever grateful to your organization!"

— CREW, 9TH LATIN GRAMMY AWARDS SHOW

MUSICARES®

FUNDRAISING INITIATIVES

2009 Person of the Year Honoree Neil Diamond

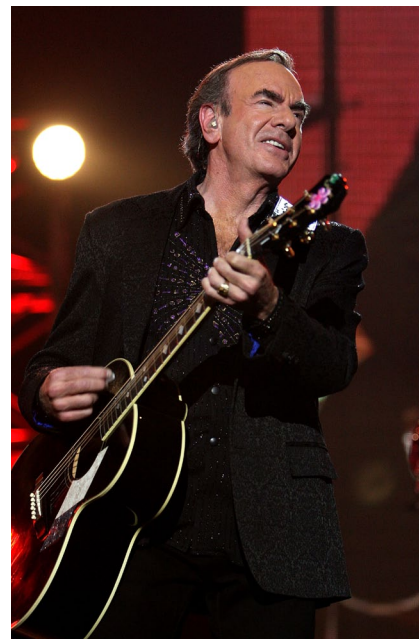

The annual **MusiCares Person of the Year** tribute dinner and silent auction take place during GRAMMY Week two nights before the GRAMMY Awards. Each year, the dinner honors a recording artist who has made important contributions to the world of music and has demonstrated extraordinary humanitarian and philanthropic efforts.

The 19th annual MusiCares Person of the Year tribute honored Neil Diamond for his exceptional artistic achievements as well as his philanthropic work, which has included many generous charitable donations over the years. About 2,200 guests came together at the Los Angeles Convention Center on Feb. 6, 2009 just two days before the 51st Annual GRAMMY Awards telecast, to enjoy performances by Adele, Eric Benet, Terence Blanchard and Cassandra Wilson, Coldplay, Chris Cornell, Foo Fighters, Josh Groban and Jennifer Hudson, The Jonas Brothers, Kid Rock, Los Volcanos (who were personally invited to participate by the evening's honoree), Raul Malo, Tim McGraw, Urge Overkill, and Faith Hill, who was joined on stage by Neil Diamond for a heartfelt version of "You Don't Bring Me Flowers" before Diamond sang several of his most loved songs for the crowd. **Despite the financial turmoil our economy faces, this year's tribute still helped generate almost \$4 million in gross revenue for MusiCares.**

House Concerts

On an evening in early June, MusiCares held the first of what is expected to become a fundraising model for both Foundations.

Hosted by two MusiCares Board members, the Inaugural MusiCares House Concert was held in Beverly Hills on June 3, 2009 and featured an extraordinary acoustic performance by multi-GRAMMY-winning artist Michael McDonald. The festive atmosphere, which included sumptuous hors d'oeuvres and beverages, was made truly celebratory when Neil Portnow announced the event had raised more than \$100,000 for MusiCares. Similar House Concerts will be announced in select cities across the country to benefit both MusiCares and the GRAMMY Foundation.

"Just a quick note to tell you again how much I greatly appreciate your support. I'm truly blown away by the generosity. The staff at the treatment facility is kind and patient, and I'm excited to really get started. And you're right — the food is good."

— MUSICARES CLIENT
MUSICARES MAP FUND

Throughout the year, MusiCares benefits from our **GRAMMY Charity Online Auctions**, which feature exclusive VIP experiences and memorabilia presented in partnership with Kompolt at www.ebay.com/grammy and Julien's Auctions at www.juliensauctions.com. Some highlights this year included a lunch at the Ivy in Beverly Hills with John Stamos, a private DJ lesson that the late DJ AM (who he also signed an iPod featuring his own personal playlist which also sold at auction), a limited edition Les Paul Robot Studio guitar signed by Coldplay during rehearsals for the GRAMMY telecast, and much more.

In 2009, MusiCares laid the groundwork for a major fundraising campaign that launched in 2010 to celebrate our 20th anniversary year. Industry giants Jerry Moss and Mo Ostin set the bar with significant lead gifts to be matched by the ELMA Music Foundation.

“Because MusiCares was willing to help me when nobody else could, I have my family back, my career, and am celebrating 1 year clean and sober today! Thank you MusiCares for making a difference in this musician’s life.”

The late DJ AM donated his time and talents to our GRAMMY Charity Online Auctions in 2009.

YOUR SUPPORT

As our industry responds to current technological and economic shifts, the need to broaden and sustain our respective missions increases. Your help is more important now than ever. When considering a charity for your personal contribution or corporate affiliation, please remember that you can make a real difference in the lives of the people we serve through support of MusiCares.
